A. Discussion of Ordinance Regarding Yellow-Bellied Slider Turtle Sales

Liaison Veach distributed a document from MRTF Member Spalletta. MRTF Member Spalletta supported banning the sale of turtles and creating a law that gives the Town the right to stop the sale of any live animal. She questioned whether it was too broad

of an approach and whether they should be specific. Chair Johnson reviewed the FDA regulation preventing the sale of turtles less than four inches. He discussed enforcing the law already on the books and he questioned the criteria to become a pet store. Chair Johnson stated he would contact the FDA field office for guidance. Discussion was held regarding potential legal actions. Chair Johnson suggested that they adopt the FDA law that prohibited the sale of all turtles under four inches long. Mr. Howell agreed with adopting the federal law and noted they could draft an umbrella regulation that included banning the sale of reptiles.

MOTION: Chair Johnson moved to recommend that Town Council adopt the FDA regulation preventing the sale of four-inch turtles or to ban the sale of all reptiles; second by MRTF Member Fossum.

VOTE: Motion approved unanimously.
