LDC Sec. 34-1772. - Home occupations.

- (a) Any use of a residence for a home occupation as defined by this chapter shall be clearly incidental and subordinate to its use for residential purposes by its occupants and thus is considered to be a residential accessory use and is permitted in accordance with the regulations in this section in all zoning districts except EC.
- (b) Such use shall be conducted entirely within the dwelling unit or customary accessory building.
- (c) No employees or contractors other than members of the household residing in the dwelling shall be permitted to work at the residence but may be employed to work elsewhere provided that the employees do not regularly come to the residence for equipment, vehicles, or supplies. Under special conditions, such as a handicapped person or retiree needing clerical assistance, the director may grant administrative approval to allow one employee who is not a resident of the home to work at the residence.
- (d) There shall be no exterior indication that the dwelling is being used for any purpose other than a residence, except that one non-illuminated nameplate, not exceeding one square foot (144 square inches) in area, may be attached to the building on or next to the entrance.
- (e) No commodities, stores, or display of products on the premises shall be visible from the street or surrounding residential area, and no outdoor display or storage of materials, goods, supplies, or equipment used in the home occupation shall be permitted on the premises. Vehicles and trailers for use by the business may not be parked or stored on the premises unless completely enclosed within a building.
- (f) No equipment shall be used which creates noise, vibration, glare, fumes, or odors outside the dwelling unit that are objectionable to the normal senses.
- (g) A home occupation shall not generate greater volumes of traffic than would otherwise be expected by normal residential uses, and a home occupation shall not attract more than an average of ten total visits per week from customers, clients, and suppliers.
