Section 1. The above recitals are true, correct, incorporated herein by this reference, and adopted as the legislative and administrative findings of the Town Council.

Section 2. The Town Council determines the Applicant did meet its burden of proof that the requested Variances do meet the requirements of the Town Comprehensive Plan and LDC, and approving with conditions the Variance is in the best interest of the Town. Therefore, based upon the recommendations, testimony, and evidence presented by the Applicant, Town staff, and interested parties and public, the Town Council APPROVES WITH CONDITIONS the variance from Table 34-3 Dimensional Regulations in Conventional Zoning Districts.

Section 3. In approving with conditions the Variance, the Town Council makes the following findings and conclusions in accordance with the requirements of Section 34-87 of the LDC:

- A. There are exceptional or extraordinary conditions or circumstances that are inherent to the property in question, and the request is for a de minimis variance under circumstances or conditions where rigid compliance is not essential to protect public policy.
- B. The conditions justifying approval of the variance are not the result of actions of the Applicant taken after the adoption of the regulation in question.
- C. The variance is the minimum variance that will relieve the Applicant of an unreasonable burden caused by the application of the regulation to the Property.
- D. The granting of the variance will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
- E. The conditions or circumstances on the Property are not of so general or recurrent a nature as to make it more reasonable and practical to amend the regulation in question.

Section 4. If the Town Council approves the requested variance, the following conditions of approval are imposed on the Applicant and the Property:

- A. Approval of this variance does not give the Applicant an undeniable right to permit approval. Development or redevelopment of the Property must comply with all applicable requirements of the Fort Myers Beach Comprehensive Plan and LDC in effect at the time of permit approval, except as specifically modified herein.
- B. The variance shall only apply to the single-family home as shown on the provided site plan. Alterations or substantial damage to the structure shall render their respective variance to be null and void.
